

Gfp 230C

Compact Cold Laminator

Cold laminator designed for digital output. Compact size. Professional finish.

Easy setup and low maintenance make the 230C a favorite for new laminator users. Consistent, high-quality output helps keep customers coming back – with performance that rivals systems costing thousands more.

Simple controls: forward/reverse, run or foot pedal operation, and variable speed.

Durable and resilient silicone rollers for latex and solvent inks finishing

Perfect for mounting, laminating and pre-mask taping.

Built for Performance

- Designed to pair with today's inkjet printers
- Compact size for tight production spaces
- Fast, efficient setup and simple operation
- Entry-level priced to add value and profit to printed media finishing

Ideal Applications:

- Banners & Posters
